DR. TAGORE ON BOMBAY RIOTS

"It Is Humiliating"

Cause Of Trouble Is Not Something Inherent In Muslim Mentality

POET OPTIMISTIC ABOUT FUTURE

KARACHI, May 31.

Dr. Rabindranath Tagore accompanied by his daughter-in-law returned to-day from a tour in Persia, and after a brief stay, he proceeded to Calcutta in the Dutch air-mail plane by which they arrived here.

The Poet was given a cordial reception by a large gathering of admirers, among whom were the Chief Officer of the Karachi Municipality and representatives of the Bengali community. Dr. Tagore showed no trace of fatigue and went calmly and unhurriedly through his programme. He conversed very freely with friends and before boarding the plane again, he addressed a few words to a gathering, saying that he was touched by their welcome and giving them his blessings.

BOMBAY'S HUMILIATION.

In the midst of his frugal lunch he replied to a few questions put by Pressmen. "The sad news from Bombay," was apparently uppermost in the Poet's mind, and coming fresh from the part of the world, where, according to him, there was no trace of bitterness of the kind which was so tragically in evidence in this country, he dwelt with great depth of feeling on the contrast.

He said: "It is humiliating to us. This is possible in this country. I really feel so sorry that this is so. People in the countries which I have just visited ask, what is the matter with these people? Why do they fight among themselves? They cannot imagine what is at the background. They say it cannot be difference of creeds. They are quite as sorry as ourselves."

Speaking of the enthusiastic reception given to him during his tour, Dr. Tagore said that it showed that it came from the heart of a common people and was not merely official welcome. People in the streets had greeted him and said: We not only admire you. We love you.

TRUE MUSLIM.

Reverting again to the contrast, he had referred in the beginning, the Poet quoted an ordinary unlettered Bedouin chief, who, in the course of his visit, said: "According to our prophet, a man who hurts another by tongue or hand is no Mussalman."

Dr. Tagore proceeded: "It is not something inherent in Muslim mentality that is the cause of this trouble, but something wrong in our own country. What I have seen in other centres of Mahomedan culture, has given me very great hopes that things will be changed also in India, and we shall not have to suffer from communal, fratricidal riots. That is what I hope from what I have seen in other parts of the Mahomedan world."

TOWARDS BETTER RELATIONS.

Asked if the demonstration of human fellowship that his visit to Persia, Iraq and Arabia had evoked would have influence in the situation in this country, Dr. Tagore said: "I hope so, and I look forward to it, and if my visit should become instrumental in bringing about better relations, I should be very happy. If it is wholly ineffective, then there is no hope for this country."

A small group of girls sang one of his songs as the plane took off. —A.P.

TIDE OF RIOTING RECEDES

CITY SLOWLY RETURNING TO NORMAL BUT STRAY ASSAULTS ACT AS SET-BACK

A remarkable improvement was visible in the Riot situation in the city on Tuesday. During the earlier part of the day there were a few stabbing cases. Excepting for a solitary case of stabbing at De'Lisle Road about 7 p. m. the city presented a normal appearance during the later hours of the day.

EFFECTIVE PATROLLING.

The military and the Police who are mostly working both during day and night) are very vigilant and they are patrolling the affected area every half an hour. In spite of the fall in the number of casualties, confidence has not yet been restored, and the majority of shops are still closed.

The police have rounded up to-day nearly 55 'Mavalis' from the affected areas.

Till late at night, only 8 cases were treated in the J. J. Hospital. A Hindu who was stabbed at Khoja Street by some Muslims was admitted for treatment. A Mahomedan Hawker who was stoned on the Sandhurst Road was treated and sent away.

The Free Emergency Hospital received before Midday three cases in all. Two of them were cases of hurt during the dispersal of crowds by the Police at Kumbarwada. One case was that of a Hindu who was stoned at near the Round Temple early in the morning. All the three were discharged after treatment.

PASSERBY STABBED.

A Mahomedan passerby was stabbed on the De'Lisle Road at 7 p. m. The Police receiving information removed him to the K. E. M. Hospital where he is admitted for treatment.

DEATH IN HOSPITAL.

The Body of Gopal Bhatkar who died in the J. J. Hospital this morning due to the injuries received during the rioting is lying in the morgue. He was stabbed on Saturday at Madanpura while he was going to see his son working at Jacob Circle.

Sheikh Hussein who was stabbed at the Khaji Syed Street on Monday succumbed to injuries to-day in the G. T. Hospital. The body has been removed to the Morgue.

Godambe was the next man out being clean bowled by O'Connor. (257|6|15).

FRENCH SOCIALISTS' MINIMUM

For Participation In Government

LONDON, May 31.

Paris.—The motion to participate in the formation of any Government which will accept the "minimum Socialist programme" was passed by an overwhelming majority to-day by the French Socialist Party Congress. While voting was 3862 in favour of participation, opponents could only muster 154 votes. The question of their support to Government now rests with M. Herriot's acceptance or rejection of this "minimum." —Reuter.

ATTRACTIVE TERMS AND PROSPECTS OF SUBSCRIPTION

SUCCESS DEPENDS UPON STOPPAGE OF SALES OF TREASURY BILLS AND REDUCTION IN DISCOUNT RATE

As anticipated in our "Financial Notes," the Government of India have issued a new Rupee Loan for an unlimited amount at Rs. 98, bearing interest at 5 1/2 per cent. with Income Tax. This loan gives a redemption yield of 5.801 per cent. with Income Tax.

ATTRACTIVE TERMS

The terms of this loan are somewhat better when compared with the ruling rates of the existing Government Rupee Securities, and while the attractive terms are not likely to have any material effect on the prices of the present loans, long-dated issues may experience a small setback. Long-term loans may go down a little.

PROSPECTS OF SUCCESS

Looking to the easier condition of the money market and the absence of demand for money for trade purposes, the new loan will be a success.

ANTICIPATED SUBSCRIPTION

The total subscription will probably range from 22 to 25 crores. Of course much depends upon the stoppage of sales of Treasury Bills and also on the anticipated reduction in the discount rate of Imperial Bank of India shortly.

GLARING DIFFERENCE

The brokerage allowed on this loan is 1/16 per cent., but sterling loans are issued at a brokerage of 1/4 per cent.

It is easy to understand the motive behind this glaring difference

The Finance Department of the Government of India has issued the following notification:—

Subscriptions for an issue of a 5 1/2 per cent. Loan, 1938-40, will be received without limit of amount from the 6th June to the 18th June 1932 inclusive. Subscriptions may be in the form of cash or of treasury bills or of 3 per cent. Bonds, 1932.

5 1/2 per cent. Loan, 1938-40 Issued at Rs. 98 per cent. and repayable at par not earlier than 1938 and not later than 1940.

Date of Repayment.—If not previously repaid, the loan will be repaid at par on the 1st October 1940, but the Government of India reserve to themselves the right to repay the loan, or any part thereof, at par, on or after the 1st October 1938, on giving three calender months' notice in the "Gazette of India."

Issue Price.—The issue price will be Rs. 98 for every Rs. 100 of the loan applied for.

Interest.—The loan will bear interest at the rate of 5 1/2 per cent. per annum from the 1st October 1932. Interest will be payable half-yearly on the 1st April and the 1st October, and will be liable to income-tax.

Interest from the date of application to the 30th September 1932, inclusive, will be paid at the time of the issue of the new securities, at the rate of 5 1/2 per cent. per annum on the nominal value of the loan.

CONVERSION TERMS.

6 Per cent. Bonds, 1932, will be accepted in subscription to the 5 1/2 per cent. loan, 1938-40, as the equivalent of cash at their full maturity value that is to say, at Rs. 100 per Rs. 100 nominal of the bonds tendered.

Interest at the rate of 6 per cent. per annum (free of income tax) up to the 31st July 1932 on the 6 per cent. Bonds, 1932, accepted for conversion will be paid at the time of the issue of the new

WHY WORRY ABOUT OTTAWA?

GOVERNMENT'S CHEAP SNEER AT FEDERATION OF INDIAN CHAMBERS

SIMLA, May 31.

The Government of India have replied to the letter of the Federation of the Indian Chambers of Commerce that the Government of India are at a loss to understand why the Federation should continue to enquire whether they will be invited to appoint representatives to attend the Ottawa Conference with the whole object of which the Federation have expressly and publicly dissociated their organisation.

AT THEIR OWN EXPENSE.

The letter of the Government adds for the information of the Federation that a number of industries in the United Kingdom desire to send representatives of their own interests at their own expense. The Delegation from the United Kingdom would, in no way, be responsible for them, nor is it contemplated that they should attend meetings of the Conference or have access to official documents.

EXPERT ADVISERS.

The Government of India have appointed six delegates and in addition, the appointment of a few expert advisers is likely to be made shortly. If commercial and industrial interests in India decide to send representatives to Ottawa at their own expense, the Government of India have no doubt that the Indian Delegation will be glad to avail itself of the advice of such persons, as and when necessary, and the question of attendance of such representatives at meetings and of allowing them access to the Conference papers must be left for decision by the Conference itself.—A. BRAINS BEHIND RIOTS

PLEA FOR THOROUGH INVESTIGATION

CONCILIATION COMMITTEE'S APPEAL TO HOME MEMBER AND POLICE CHIEF

BOMBAY, May 31.

The Hon. Secretary of the Bombay Citizen's Conciliation Committee writes:—

A meeting of the Citizen's Conciliation Committee was held to-day at 11 o'clock with the Mayor in the Chair.

It was resolved by the Committee that it strongly suspeced that there was some organisation behind the present troubles and that there was plenty of money and active brains that were directing the spasmodic attacks and assaults which were taking place in the City. It was decided to draw the attention of the Police Commissioner and the Home Member to the suspicion that the Committee entertained and to request them to set on foot immediately a thrtough investigation with a view to trace such an organisation and ruthlessly put it down.

EXECUTIVE COMMITTEE

It was proposed that a small committee be appointed to act as an Executive Body and that the General Committee should not meet every day but should only meet on stated occasions when there was some definite work to be placed before it. The general sense of the meeting was that it was very necessary and essential that the General Committee should meet every day in order to give expression to what the public feeling was and to suggest various measures that should be taken by the authorities in the various localities to bring forward grievances and complaints and in short, to act as a meeting place for representatives of different communities and interests where there could be a frank and full exchange of views.

GENERAL COMMITTEE TO MEET EVERY DAY

It was also pointed out that the Chairman and the Secretaries acted as the Executive and they were always available for any complaints or suggestions which might be forthcoming from the public. Some member or the other of the Executive was usually at the Corporation Hall during the day and failing that, they were always on the telephone. Often during the last fortnight the Executive received urgent communications from different people and wherever possible, immediate action was taken upon them. It was, therefore, finally resolved that the present practice of convening meetings of the General Committee once a day should be kept up and that the Chairman and the Secretaries would continue to act as the Executive for taking any necessary and prompt action on any complaints or suggestions made.

TIDE OF RIOTING RECEDES

(Continued from page 1.)

ance, due to the prohibition of assemly of more than five persons.

Hindu shops remained open, but there was practically no business. People did not stir out except on special business.

A party of Bohris accompanied by a police officer visited an empty shop, which was broken open during the first disturbance, in the Girgaum Back Road, to ascertain the loss sustained and prepare a claim-sheet.

At the Free Emergency Hospital, a patient, who was injured last night, was brought early this morning.

Not a single case of injured person was treated at the Congress Free Hospital before noon.

The disappearance of a young Hindu doctor has created considerable constenation among his relatives and friends. Dr. Gunwant Chunilal Kapadia, having his dispensary at C. P. Tank went out on Saturday afternoon but since then has not returned.

A search at the various hospitals has not realed any trace of him and therefore it is surmised that he might have been a victim of the riots.

This morning a Parsi was arrested at Grant Road for spreading false rumours that a Mahomedan had been killed near the Northbrook Gardens. He gave out this news among the Muslims who got excited and rushed towards the Northbrook Gardens. The police, however, found on inquiry the rumour was a hoax and arrested the alleged culprit.

PEACE-MAKERS' SUCCESS.

At the Central Station this morning trouble between Muslim hackvictoria drivers and some Hindu Relief Committee volunteers was averted by the timely intervention of leaders of both committees. It appeared that some volunteers dissuaded newly arrived passengers from engaging victorias driven by Muslims. This enraged the Muslim drivers and they began to abuse the volunteers and rushed at them. They were, however, pacified by Hindu and Muslim leaders who happened to be on the spot.

The total casualties since the rioting began, approximately are:

GOVERNOR BACK IN THE CITY

BOMBAY, Tuesday.

The Governor of Bombay, accompanied by Mr. G. A. Thomas, Home Member, Mr. H. Gould, (Private Secretary) and Mr. C. E. Clee. (Home Secretary) arrived in the city from Poona by the Deccan Queen. They were received by Sir Patrick Kelly, Commissioner of Police, with whom the Governor talked for about ten minutes on the railway platform regaroing the situation in the city and then motored to the Secretariat.

HOLIDAY FOR POLICE COURTS

Business Dislocated By Riot Conditions

BOMBAY, Tuesday.

The work of the police courts has been, to a large extent, dislocated by the panic caused by the riots. Absence of witnesses, complainants and in some cases even the accused has become a regular feature since the riots began, and the plea of "disturbed condition, riot and panic" is advanced by the advocates as the reasons for the absence of the parties. As the cases cannot be proceeded with in the absence of the parties concerned, the magistrates are obliged to adjourn a majority of the cases.

That the panic is mainly responsible for the absence of the parties is evident from the fact that in some cases even the accused are absent from the courts. They (accused) prefer the penalty of absence in court, namely, warrants of arrest going out against them rather than stir out of their homes and pass through the disturbed areas.

LEFT BOMBAY.

Quite a large number of cases had to be postponed to-day in one court alone, that is, before Mr. D. N. D. Khandalawala, Presidency Magistrate, Third Court, as the parties in several cases were absent. "Disturbed conditions, panic, rioting, looting" these were responsible for the absence of the accused according to their advocates.

One case had to be postponed as one of the witnesses, a Marwari, though served with summons was not present. The complainant's counsel stated that the witness had left Bombay on account of the riots, and therefore, applied for a postponement, which was granted.

In another case the complaint had left Bombay, and his advocate remarked that his client did not think it advisable to return to Bombay.

In a third case, two accused were absent, and their advocates remarked that being Mahomedans they were afraid to pass through the Hindu localities.

An advocate asked for an adjournment of a case as his client (an accused) wanted to leave Bombay. He had already sent his family out of Bombay and was living in Parsi Gully, which he thought was a dangerous locality.

"VERY BAD TIME."

"Very bad time, sir, my client is afraid to come out," was the argument of another advocate asking for a postponement.

Mr. Godhino, who appeared in a case, applied for a postponement as the witness summons had not been served. It was time he said that his party had taken out witness summons but added: "The sepoys refused to serve the summons unless they were fortified with two other companions."

All the above cases were postponed.

DISTINCT IMPROVEMENT ON TUESDAY"

BOMBAY, Tuesday

The Director of Information, Bombay, writes:—

There was a distinct improvement in the situation to-day. Up to 6p.m. three cases of assault, involving five persons, had been reported to the police from Clare Road, Null Bazaar and Sandhurst Road (near Charni Road.) Four were cases of stabbing. All the mills were working and all the shops in the mill area were open. Many shops in other parts of the City were open and all the important bazaars in the Mandvi locality as well as the Cotton Brokers' Association, the Mahajan Association and the Bullion Exchange, but all the cloth markets were closed.

ON DERBY EVE

Orwell Is Hottest Favourite Still

LONDON, May 30.

Despite the heavy rains, flooding the countryside, the Epsom classic is certain to be run on Wednesday. The going is likely to be very heavy, but is not expected to prevent the favourite Orwell from defying the superstition that no horse with the letter W in its name has won the Derby for sixty-four years.

The prophets are unanimous about the victory of the favourite and more certain of a win than of any others to be placed.

MIRACLE HOPES.

Yet, the connections of Miracle, Hesperus, April the Fifth and Dastur are very hopeful of overthrowing the hottest favourite in fourteen years.

In the Irish Sweepstake draw Orwell fell no fewer than seven times to London and nearby districts.

Ten Miracle and ten Hesperus tickets likewise fell to London, and were well distributed among, apparently, rich and poor.

LUCKY LAWYER

A lawyer, Mr. Gilbert Beyfus, was listening to the judge in the King's Bench Division of the High Court, making it clear that he was losing the case, when a note was passed to him that he had just drawn Orwell in the Irish Sweep. Despite the agitation, Mr. Beyfus listened carefully to the judgment, tied up the brief and rushed from the court, no doubt feeling that success on the turf would amply compensate for the law's vicissitudes, for he has also drawn horse in the Stock Exchange Sweep.

London and the rest of Britain easily dominate the list of prize-winners. Only two prizes have gone to the Far East, eleven to India, nine to South Africa and eight to Canada.

The arrangements for the draw were perfect and everything went off without a hitch.

The noms-de-plume were brighter and more snappy than at the previous draw. One signed "Orwell" drew another favourite, Hesperus, and another, signed "Miracle", drew Wybern.

Other lucky ones were "God Send You Back to me", "Kiss me, Sergent", and "God Help the Poor".

"I AM NOT A PICKET" SAYS ACCUSED

BOMBAY, Tuesday.

An up-country man was sentenced to six months' rigorous imprisonment and to pay a fine of Rs. 25 by Mr. D. N. D. Khandalawala, Presidency Magistrate, Third Court, on a charge of dissuading customers from going from Ahmed Essali and Company.

The accused pleaded not guilty and stated that he was only standing near the shop. He began in Hindusthani, but after some observations spoke in English.

Magistrate—Who are you?

Accused—I am a tutor foom up-country.

Magistrate—What are you doing in Bombay?

Accused—I have been detained by the riots.

Magistrate—All people are flying out of Bombay.

The magistrate inquired whether he (accused) was prepared to apologise.

Accused—I have stated the facts. I have nothing more to say.

FAMOUS FILM FOR BOMBAY

'Over The Hill' At Excelsior

One of the great masterpieces of the talking screen is coming to the Excelsior Theatre from Saturday next. This is "Over the Hills," a Fox picture which has tenderness, suspense, humour, and dramatic action woven together with their rare quality which makes it immortal entertainment.

The picture is a modernised version of a classic of American poetry, depicting the joys and sorrows, struggles and triumphs of a growing family with the tender pathos of a mother's love and the romance and heedless impetuosity of modern youth. James Dunn and Sally Eilers, the brilliant stars of "The Bad Girl" are again teamed together as the young lovers.

The picture also marks the triumphant return of Mae Marsh whose superb characterisation of the mother-role is regarded as even more remarkable than her last success in "The Birth of Nation," 12 years ago. Drama, comedy and pathos are blended in perfect harmony under the direction of Henry King who has to his credit three pictures that have won gold medals as the best productions of the year.

THE BOMBAY CHRONICLE

WEDNESDAY, JUNE 1, 1932

SHOCK FOR LAUSANNE

On the eve of the Lausanne Conference a bombshell has been thrown into the arena of European politics by the resignation of Dr. Bruening. The position of Dr. Bruening had gradually weakened owing to the growing power of the Nazis under the dynamic personality of Hitler. The immediate cause of the resignation of the Chancellor was the refusal of the President to agree to the measures which he had brought forward to rehabilitate the financial position of Germany, particularly to his plan for expropriating part of the estates of large landowners to recover the loans made to them by the State. It is easy enough to understand the reluctance of the President, who is himself an aristocrat and a militarist of the old type, though all these years he has loyally stood by his Fatherland and guided her to safety through many difficulties.

WILL NAZIS TAKE OFFICE?

The Nazis have greatly strengthened their position lately, mainly owing to the enormous difficulties with which the country has been faced. Rightly or wrongly Germans feel that the Bruening Government has been very soft and yielding in its dealings with the Powers, and that the time has come for a complete change in the policy. It remains to be seen whether the Nazis, if they are asked to take over the Government, will be more successful than Bruening, but there is little doubt that should Hitler or his nominees come into power, he will greatly add to the difficulties of the Powers at Lausanne when they meet there in a few days. The present Reichstag which was elected in September 1930, consists of many political parties which are violently opposed to each other. On a rough estimate it may be said that about 345 members in the present House are favourable to the Republic and 232 are violently opposed to the republican form of Government, for one reason or another. They consist both of Hitlerites and Communists, and there is nothing in common between the two except their common dislike of the Republic.

NO MORE REPARATIONS?

Hitler will have to come to some kind of understanding with the other groups, if he wishes to have a working majority in the Reichstag. But the fact is that the Nazis are in favour of monarchy and it remains to be seen what reactions a Nazi Government will have on the Kaiser and his supporters in Germany. Strangely enough all the extreme parties have joined hands and are now working together against the Bruening Government.

HATED TRIBUTE.

Some time ago Herr Strasser, a Radical member of the Nazi group, made an offer of Coalition Government to Dr. Bruening, implying that the latter's efforts could not succeed as long as he was dependent on insignificant political groups, which no longer had any following in the country. "Only a disciplined and uniform movement based on the majority of the people's will could carry out the policy necessary for curing Germany of her present ills," he said. The Nazi group also submitted a demand to the Government asking them to convey to the Powers, receiving Reparations from Germany, that to the German Government the life of their people was more important than the tribute enforced by political pressure and that Germany was definitely ceasing to pay tributes."

GERMANY'S PLIGHT.

The number of unemployed in Germany at the present time exceeds six millions, and every day the financial position is growing worse. Is there any wonder, therefore, if many Germans think that they should have a party in power which will be better able to withstand the pressure of the Powers, and thus bring to an end the perpetual economic subservience of Germany to her late victors? It is premature to discuss whether there will be a "comeback" for the Kaiser, or one of his family, or whether there will be another revolution which will sweep away all the old conditions that press down the German people. At any rate the present state of things cannot last.

The Princes' Intrigue.

Prof. Rushbrook Williams, in an article on the subject of the Princes and Federation, contributed to the "Times" in mail week, throws some light on the suspicious attitude of the Princes towards the scheme of Federation. Prof. Williams, it is well known, has been for several years past in intimate contact with the Princes in some capacity or other and, we presume, would be the last person to misrepresent his patron's political policy. The question which is puzzling many and which he attempts to answer is, why the Princes, who till recently were enthusiastic and loquacious about Federation, have now got cold feet about a scheme which emanated from themselves.

WHY THEY WANTED IT?

What inspired the Princes to come forward with the declaration that they would federate only with a responsible Indian Government? Prof. Williams explains that the Princes were "dissatisfied with the manner in which, as they hold, the position guaranteed to the States by the Crown under their treaties and engagements had deteriorated through the exercise by the Crown of certain, of the functions of paramountcy in a fashion which, though usually benevolent was undeniably arbitrary." In plainer terms the Princes wished to bolster up and perpetuate their autocracy through the medium of fresh unambiguous treaties, which were to be obtained as a bargain for entering a federation.

GOT WISE" TO IT.

Soon, however, the Princes came to see some of the implications of Federation which they had not bargained for. In the words of Prof. Williams, they felt that the new Constitution "was likely to become an irresistibly powerful machine for the imposition of British Indian ideas upon the Indian States" and that "the advantages which they had hoped to derive from Federation were being purchased at too high a price." They cast about therefore, to revise their plan. And now, while continuing to offer lip sympathy with the Federal scheme, they demand preposterous terms as a price for their joining it. Be it also noted that at all stages of the negotiations, in the Princes' early enthusiasm for and the subsequent distrust of Federation, the deciding factor, if not the only one considered, is the Princes' rights, their gains and their losses. The people's fundamental rights, on which depend their very lives and property, rarely, if ever, enter into the Princes' calculations. Do the Princes seriously suppose that under any scheme of Government, they will be allowed to pay the despot indefinitely?

THE ESSENTIAL CONDITION.

Though Prof. Williams assures the public that the Princes' joining the Federation "seems, so far as human foresight can avail, to be assured", the terms they have demanded are impossible and felt to be so by some of their own order. Referring to but one of those terms, the Raja of Sarila, who represented the smaller States at the Conference, says in a public statement that, "it is not practical politics to-day to ask for a considerable enlargement of the Federal Legislature." Many British Indian leaders have now come to realise that it would be most unwise to hold up reforms in British India till the Princes come to terms. The only feasible course in the circumstances is to resume the older scheme of responsible Government in British India on a Federal basis, leaving the door open to the Princes to enter the Federation when they and their subjects choose to do so, on the clear condition, further, that they have adequately constitutionalised and democratised rule in their own territories. On no less condition should they be allowed to be partners with British India.

PLANTING ULSTERS

Tory reactionaries are not content with exploiting communal differences, they are doing everything possible to weaken Indian unity. They are trying their best to convert the Indian States into an Ulster, to separate Burma from India, and generally to make capital of any little provincial differences. During the last debate on India in the House of Commons, Wing Commander James made a most mischievous speech seeking to set up the Frontier Province against India. He said:

> Above all, this must always be remembered in connection with the Frontier and the Pathans that the Pathans are not Indians. If you want to insult a Pathan you call him an Indian. He despises and dislikes Indians. For a present purpose he may combine with certain Indian factions, but that is bound to be a passing phase.

This is as stupid as it is malicious. It is also a libel on the Pathans of the Frontier who have made in recent years tremendous sacrifices for the country, sacrifices which no people would willingly make for a mere bargain with a faction. Even the Government of India, ever ready to complicate the Indian question, has admitted the identity of the interests of the Pathans and those of other Indians by proposing to include the Frontier Province in the Indian Federation. They would not have done so if they had the slightest suspicion that the Pathans despised Indians, and the Pathans themselves would never federate with those whom they despised. The Pathans do not disguise and have not disguised their political sympathies and antipathies.

It is curious that Sir Samuel Hoare did not repudiate the views of Wing Commander James on the Pathans. We shall charitably assume that he wished the Parliamentary caravan to pass quietly without taking notice of the Wing Commander's yelps. But we expect the Nationalist Pathan leaders to take a prompt and severe notice of the base slander on the Frontier people. Indians in general should also take due note of the attempts to plant Ulsters in various parts of the country. Such attempts should induce Indians to redouble their efforts to maintain national solidarity at all cost and to eliminate every factor likely to jeopardise that solidarity.

FAILED—BUT STILL AN AUTHORITY

Sir Stanley Jackson was one of the most incompetent governors Bengal had ever seen. More than anybody he was responsible for the present situation there. He threw the whole province into strong agitation by his repressive measures. If there were a real statesman in Bengal he could have handled the whole position better and there would have been no necessity for all these Ordinances. While in India Sir Stanley supported the notorious "dual" policy in his own way, though there was more of Police rule in Bengal than anything else. In his speech before the Tories, while he gave lip-sympathy to reforms, he said that India was not yet ready to receive a Western democratic constitution, and that it would take long before she was prepared for it. It is the advent of such men as these that keeps India back from her goal. They are incompetent to carry on the work they have undertaken. Like other ex-Satraps who have failed, he goes Home to pose as an authority on what India wants.

PROMOTING THE "SWADESHI" SPIRIT

Pandit Malaviya's Opportune Appeal

(By "NATIONALIST.")

Pandit Madan Mohan Malaviya who as President of the All-India Swadeshi Sangha suggested the celebration of a "Swadeshi Day" on the 29th instant, issued a statement declaring that his suggestion had met with enthusiastic response all over the country.

So far as popular enthusiasm is concerned, we can easily believe that the Pandit's observation is accurate. But the Swadeshi movement has passed far beyond the stage when enthusiasm was the most essential thing for its success.

CO-ORDINATED EFFORT NECESSARY.

What it needs now most is intelligent businesslike organisation and sustained, day-to-day propaganda. We doubt if the movement still can boast of such organisation and propaganda on an adequate scale. There are a thousand and one Swadeshi Leagues which are not only not branches of one all-India organisation but have little co-ordination among them.

Many of them have ill-defined programmes and policies. Many lay little or no emphasis on the promotion of Khaddar, and many others are utterly unable to distinguish between genuine Swadeshi articles and spurious stuff.

WHAT IS GENUINE SWADESHI.

The Bombay Swadeshi League has clearly laid down what is Swadeshi and what is not, and it has always laid special stress on Khaddar. The League's definition of Swadeshi is sound and is as follows:—

> "Swadeshi goods means goods which are manufactured in India from Indian raw or basic materials and with direction and management, labour and capital, which are predominantly Indian; provided that where Indian raw or basic material is not available, it shall be permissible to use foreign raw or basic material."

VALUABLE WORK.

Having laid down what is Swadeshi and what is not, the League has published a Directory of truly Swadeshi goods and has an information bureau to supply requisite information to the public regarding Swadeshi manufactures.

But we doubt if many of the existing Swadeshi Leagues have taken the necessary precautions against the spread of only nominally Swadeshi articles.

NEGLECT OF KHADDAR.

It is also disappointing to note that few Swadeshi leagues take any pains to promote the sale of Khaddar. Indeed, the wide publicity given to Indian mill cloth, coupled with the sad neglect of Khaddar has this effect of retarding the movement for a wider use of Khaddar. Mr. Harilal Desai, the ex-Minister, is wrong when he complains that the Spinners' Association is treating mill cloth as worse than the untouchables.

PANDIT MALAVIYA'S REMINDER.

Pandit Malaviya has done the right thing in utilising the celebration of the "Swadeshi Day" to remind the country of its special duty towards Khaddar and has urged all who can afford it to use hand-spun and hand-woven cloth and leave all cloth produced by Indian mills "to be used by those of our people who cannot obtain Khaddar."

PRACTICAL SUGGESTIONS.

The Pandit has also felt it necessary to make some practical suggestions for general Swadeshi propaganda. Other experienced Swadeshi workers will easily think of many other equally useful methods to intensify the movement. If businesslike conferences of Swadeshi workers could be arranged, they would be very helpful in conducting the Swadeshi propaganda in this country in a well-organised and efficient manner.

PATIENT WORK NEEDED.

The success of the propaganda is to be measured less by its enthusiasm and noise, or even the pains bestowed on it than by its tangible results, and by the progress of Indian industries, making this country develop the capacity of satisfying her own needs through indigenous effort.

Notes of the Day

Wholesale Death Sentences.

News comes from Thayetmyo that in the Kama Rebellion case, out of 93 accused 79 have been sentenced to death and 22 to transportation for life, while only one has been acquitted. This must be a part of the Burma Rebellion, in which hundreds of persons have been killed and scores have been sentenced to death, and innumerable persons jailed for long periods. The rebellion has gone on for the last two years. It originated in agrarian discontent and excessive taxation. If the Governor of Burma had accepted the offer of the leaders of Burmese opinion and allowed them to intercede, the trouble, we believe, would have been quelled long ago, without this inseparate loss of life and property. But the prestige of the Raj had to be maintained, and now comes the news that 70 persons are to hang. We have no hesitation in condemning these wholesale hangings of prisoners as barbarous. Is this retributive justice, or is it intended to overawe a whole people into quick submission? The effect of this excessive severity is bound to be the very reverse of that expected by the authorities. Perhaps the judge had no alternative, but the Government can

White-washing The Police.

Nobody will give much credence to the Special Magistrate's finding in regard to the beating of Phanindranath Das who was arrested in connection with the Douglas Murder Case. He was beaten severely and kept in hospital for several days and the doctor's evidence is damning enough in all conscience. As a result of the beating he got an attack of pleurisy, since he had received severe blows on his chest. The Assistant Surgeon thought the suspect was suffering from "multiple injuries" and not hysteria as was subsequently tried to be made out. The magistrate has given a thick of coat of white-wash to the police and actually canonised the Sub-Inspector of Police. This is a fit case for further investigation, as the matter ought not to be left where it is.

"Svadeshi".

The first nmber of "Svadeshi", published last week, does credit to the enterprise of the Bombay Swadeshi League, which conducts the magazine. It contains instructive articles on various aspects of Swadeshi by the editor, Prof. V. K. R. V. Rao by Prof. K. T. Shah and Mr. G. L. Mehta. It also contains a number of brief notes reviewing the progress of Swadeshi all over the country. The annual subscription of the magazine is not stated nor the price of a single copy. Probably the magazine is distributed free to the members of the Swadesh League. This League was started in June 1930 and has done good work since then. It has published a series of Economic Leaflets for the advance of Swadeshi, has maintained an Information Bureau for the supply of useful information for Swadeshi propaganda and has published a comprehensive Swadeshi Directory. We trust that the public will help the League by becoming its members and otherwise and that the League and its new magazine will be most serviceable in the intensive Swadeshi campaign proposed to be conducted in the next few months.

NO WAR BETWEEN HINDUS AND MOSLEMS

To The Editor of "The Chronicle".

Sir,—I take the liberty to make an appeal to my Hindu brethren through your columns which I request you kindly to publish.

My Hindu brethren, don't think that a war is declared between the two religions, Hindus and Moslems in this city and that your strength is to be estimated at this time. No one doubts that, just as the Moslems are strong enough to defend their own religion, so also you are equally strong to defend yourselves.

Bu this is really not the time to try your strength. A stray assault on a Hindu passer-by by a misguided Moslem mob need not rouse your communal passion as such an act will receive its own punishment. We have been living together with our Moslem brothers centuries past and we have got to live together in future also. The Almighty has joined together the destinies of Hindus and Moslems and there is certainly some good intention of His in doing so. We must understand it and act up to it.

We, the Hindus, have been known for our exemplary tolerance towards other religions. If some one, therefore, attempts to incite you to retaliate by appealing to your false prestige of religion, just hold patience and see for yourself whether a real occasion has arisen for defending your religion.

You also know that there is no valour in belabouring a helpless Moslem moving about in a Hindu locality but if you see any such Moslem being roughly treated by some of your misguided co-religionists, it is your duty to run to the help of such a Moslem and to protect him, wherein your real valour will be commended. Winning over the hearts of our Moslem brothers and not retaliation is the need of the moment and if you realise this and act according to it, you will be performing the highest duty to defend your Hindu religion.—Yours, etc.

Tipsy-Cake

The only thing which would kill terrorism in India would be the organisation of public opinion against it, says Sir Stanley Jackson, ex-Satrap of Bengal. But, he says, there is no sign that those charged with responsibility as leaders are prepared to organise public opinion.

* * *

Apart from the fatuous suggestion that Terrorists care a fig for public opinion; we might venture with all due respect and humble submission to suggest that if Sir Stanley Jackson, with all the authority of a Governor couldn't succeed in organising public opinion in five years, he had better leave the job of criticising Bengal leaders to somebody else.

* * *

Sir Stanley also opined that Western Democracy is not suitable for India and superfluously added, "nor was India ready for it." It's a paradox of the times that everything western, including Satraps, is suitable for India with the solitary exception of Democracy.

* * *

The District Magistrate of Ahmedabad leaves nothing unnoticed. He has discovered that the Municipal dustpins are painted in the same colours as the Congress Flag. So he has asked the President of the Municipality. This ought to raise a bit of dust. We await developments with breathless interest.

* * *

Mr. S. Satyamurthi, who was undergoing imprisonment in the Vellore Jail, has been removed to the officer's ward at the General Hospital for treatment. He is to be given an ample supply of pens, ink and paper and stamped envelopes.

* * *

VIOLENCE

Janardhan Senaji, who was arrested for the alleged offence of picketing the shop of Mohomed E. Esall and Co at Hornby Road was today sentenced to 6 months' rigorous imprisonment and a fine of Rs. 25 by the Presidency Magistrate, Third Court.

NON-VIOLENCE

Four Muslims were placed before the Presidency Magistrate, Third Court, on charges of disobeying the Police Commissioner's order banning the carrying of lethal weapons.

They were arrested near the Crawford Market while going in a taxi, and two bundles of 30 large knives were recovered from them by the police.

The Magistrate sentenced them to pay a fine of Rs. 5 each.

"FILM CENSORSHIP IN OTHER LANDS."

"A DOUBLE DOZE OF IT."

In India, too, the censor sometimes only leaves us something to sleep over, but one "doze" is usually enough.

* * *

"We must give food first to our own people and we should entertain no ill-will towards other countries", says Pandit Madan Mohan Malaviya. But Mr. Birla thinks otherwise as far as gold is concerned.

* * *

"We are quite prepared to agree that whatever be the considered policy of the Government, much can be said in defence of it."—"Free Press Journal."

Such an accommodating attitude deserves the usual reward. What about, "Rai Bahadur Sadanand." or would

"Sir Swaminath Sadanand Kt." sound better?

We rather like "Sri Swaminath", ourselves.

* * *

"The purchase of nearly £2 1/2 millions of gold by the Bank of England last week is a reminder that the Bank is not forbidden to purchase the metal.—"Times of India."

And also a reminder that India is not forbidden to sell it.

* * *

The Bank of England cannot sell gold because Britain has gone off the Gold standard. But now Britain is showing a "coming-on" disposition there is no objection to purchasing it.

* * *

All this about what the Old Lady of Threadneedle Street is doing is explained by the Old Lady of Bori Bunder in the best First Standard style for the benefit of her nursery, varied with some homely phraseology, such as

"The Bank is not likely to be a large buyer of gold, as the metal is only required for ironing out fluctuations in exchange rates."

Which makes it easier for them to understand.

New Delhi, May 2.—Pandit Madan Mohan Malaviya, President-designate of the All-India National Congress, who was arrested on April 23 for defying the police order prohibiting her from leaving Bombay for New Delhi to attend the Congress Session, was released to-day—"Osaka Mainichi & Tokyo Nichi Nichi."

Perhaps Mrs. Naidu will now kindly change her sex to redress the balance.

SIT TOGETHER AS INDIANS

Will Communal Leaders Give The Right Lead To The Masses?

(By B. G. HORNIMAN).

I am in entire agreement with the view that the present is no time for talking about an enquiry into the causes of the disturbances. It is obvious that no investigation of the kind can be usefully held for some time to come. Discussions on the subject, especially of the mischievous kind indulged in at Bori Bunder, are calculated further to excite the very feelings which it is necessary to discourage at the present time.

It cannot be too strongly emphasised that the work that every body should concentrate on at the present moment is that of strengthening the hands of authority and assisting in the mission of conciliation.

RIOT MENTALITY STILL THERE.

There are two features in the history of these three days of recrudescence of disorder to be noted. The first is that there are still ruffians lurking in the streets with knives which do their deadly work quickly and efficiently. The second is that, what we may call the mob elements are still animated by feelings of hatred and fury, which make them quite reckless, as soon as they get a chance of giving vent to their lust for vengeance, otherwise it would be impossible to account for the happenings of the past three days.

There were actually 75 casualties on Monday, including three fatalities. And this after we had been led to believe that the worst of the fury was over. Some of these cases were no doubt of a minor nature, but others were not. But, whatever they were, the list is formidable enough to show, not only that the "riot mentality" is still there and the opportunity to give it expression still exists, despite the elaborate measures and precautions that have been taken.

LENIENCY IN THE COURTS.

It is significant that quite a number of persons were hauled up on Monday for being in possession of deadly weapons in defiance of the Police Commissioner's order. This, as well as the number of stabbing cases, suggests that the Order is not being effectively enforced, as it should be, by searching every individual who can possibly be suspected of having weapons upon him. This ought to be done on a much more thorough and comprehensive scale than it has been hitherto, even if respectable people, innocent of harbouring lethal weapons about their persons, have to undergo the indignity of a public search in the street.

HOOLIGANS IN CARS.

I have heard many stories of hooligans going about in taxis, and even private cars, committing assaults and then making a quick get-away. Some of them may be untrue or exaggerated. But I have seen myself men of the most villainous description careering about in cars, on two or three occasions and wondered why they were enabled to get a free run with so many pickets, patrols and military lorries on the move. There is the case of the General Secretary of the Girni Kamgar Union who was attacked and stabbed by two men who jumped out of a taxi and were able to make good their escape by these means.

MISTAKEN LENIENCY.

There is the case of four Mahomedans who were arrested in a taxi near Crawford Market. Two bundles of 30 large knives were found in their possession. The defence was put forward that they were butchers, and were carrying the weapons for their legitimate purposes. They may have been butchers, but I doubt it. Butchers do not usually carry their professional knives about with them, especially in such quantity, nor do they usually move about in taxis. The Magistrate fined them Rs. 5 each. The punishment is an extraordinary light one and has greatly astonished the public. Men who can invest in knives to this extent and engage taxis are not likely to think much of a five rupee fine.

The public are entitled to expect more drastic treatment by the courts of people who defy the Orders which have been issued to put down these disturbances. In cases under the Ordinances, accused persons are treated with uniform severity. In these cases connected with disturbances which have cost the city such a heavy toll of dead and wounded, surely it is not too much to expect similarly severe treatment in the Courts. These trifling fines in the Third Presidency Magistrate's Court contrast strikingly with the substantial fines imposed at Mazagaon. Sentences of imprisonment, however, would be more to the point.

MOOD STILL DANGEROUS.

These incidents go to show that it has as yet been made far from impossible for the lurking assassin to go about his deadly work. Other incidents which occurred on Monday,—the firing of mosques and temples and the daring case of looting in Sheikh Memon Street—show that the mob element is still in a dangerous mood and ready for activity, whenever the least relaxation of police and military measures gives it the opportunity.

Unless the next day or two shows a definite subsidence of these outrages, it is clear that even more rigid and sterner measures of control will have to be adopted. The Curfew Order must be strengthened in its terms and even more rigidly enforced. Any sort of day-time loitering will have to be prohibited also. Hotels and restaurants will have to be closed. I am aware that such measures will entail great hardships on an already suffering population. But better to undergo for a few more days, or even a week or two, the utmost inconvenience and hardship than that this orgy of bloodshed, looting and arson should continue or be given an opportunity of reviving.

The Government may be assured that the public will support them in every reasonable measure or precaution they adopt, however, great the inconvenience to the general population. **This hateful, demoralising reign of bloody disorder must be stopped whatever the cost.**

ROUND THEM UP.

One of the measures which seems to have missed fire to a considerable extent, is the rounding up of suspects and undesirables. It is obvious that many more of these people are at large than should be the case if the measure had been carried out effectively. It must be done thoroughly and ruthlessly. I am told that numbers of innocent and respectable people have been rounded up. It may be true and if it is, I am very sorry for it. But, if the police make mistakes, we cannot allow that fact to interfere with the essentially necessary work of combing out the population until the budmashes and mawalis, and the fanatics too, have been run to earth and put safely under lock and key.

The police in the different sections know these characters well enough and a concentrated sweeping drive against them would I believe have a salutary effect on the situation in all the affected areas.

WILL LEADERS LEAD?

In the meanwhile, we are still waiting for a real lead from the leaders of the two communities. Nothing could have been more excellent than the manifesto that was issued over a week ago over the signatures of leading Hindus and Mussalmans, all of them men with great influence in their communities. But it remains a paper manifesto and unless it is backed up by sanctions of a practical kind, it is a worthless "scrap of paper."

Surely these men, whose sincerity I do not doubt for a moment, knowing them all well, can sit down together and devise a plan for imparting the excellent sentiments of conciliation and brotherhood expressed in their manifesto to their communal brethren. Surely, if they take up in real earnest the task of instilling into the hearts of the people who have been infected with this communal mania, and making them understand, not only the wickedness but the utter futility of all this strife which is devastating the life of the city, their efforts will not be entirely without avail. I have no doubt whatever that, if they will apply themselves intensively and unitedly to this work they will succeed. But their effort must be a united one. They must sit together to work out their plans, not in watertight communal compartments. They must forget for the time being that they are Hindus and Mussalmans and work together as Indians. Indians have to settle this problem, not Hindus or Mussalmans.

RISE OF COCHIN HARBOUR

Maharaja's Hope

IMPROVEMENT OF WATER SUPPLY

COCHIN, May 31.

His Highness Sri Rama Varma the Maharaja left the hill palace at Tripunittura yesterday, for Ernakulam and was received by the Chairman and the Members of the Municipal Council at the outskirts of the town and taken in a procession to Krishnavillas palace. His Highness was received here by the Dewan and other State Officials.

His Highness crossed over to Cochin this morning accompanied by Elaya Raja and was given a reception by the Mattancheri Municipality. Mr. Sulaiman Abdul Rahiman the Municipal Chairman, garlanded His Highness and presented an address in a silver casket in which a reference was made to the importance of Cochin as an ancient seat of Cochin Sovereigns and Cochin's present position as a commercial Metropolis of Malabar Coast.

They referred to the needs of Mattancheri, mainly the improvement of water supply, drainage and representation in the port trust and urged liberal grants for the town improvement.

His Highness replying appreciated the Council's sentiments of loyalty and affection and agreed that Cochin would attain greater eminence with the successful growth and development of the Harbour. He hoped that it might be possible, ere long, to improve the water supply by extending the pipe line across the back water He assured them that he would do whatever lay in his power for the prosperity of Mattancheri. He next worshipped his family deity the Pazhayannur Bhagavathy and later visited the Brahmin Samoohams returning to Ernakulam in the afternoon.—A. P.

"SWADESHI DAY" AT MATHERAN

Enthusiastic Public Response

(From A Correspondent)

MATHERAN, May 30

In response to the appeal of Pandit Malaviya a 'Swadeshi Day' was celebrated at Matheran on Sunday last.

In the morning several Hindu ladies sold khadi in the bazaar. In the evening a meeting was held at the Laxmi Hindu Hotel premises under the Presidency of Sir Lalubhai Samaldas Kt. President of the Bombay Swadeshi League. It was a large gathering and included a number of ladies.

SIR LALUBHAI SAMALDAS' APPEAL

The President in a lucid speech pointed out the benefits of Swadeshism and impressed upon the audience to use khadi and swadeshi articles and to encourage Indian banking, Indian shipping, Indian insurance and Indian industries.

The sale of khadi undertaken by lady volunteers, including Mrs. Mangala Mehta and Mrs. Madhurika Mehta during the day amounted to about Rs. 725/ which fact shows that the visitors to this Hill Station are as anxious as others to do their bit to help to revive India's old hand spinning and hand weaving industry.

"Swadeshi Day" At Sholapur

(From Our Correspondent)

SHOLAPUR, May 30

The citizens of Sholapur celebrated the "Swadeshi Day" yesterday under the auspices of the 'Buy Indian League. A big silent procession, starting from the Meconiche Theatre went round the city and terminated at the Tilak Chauk, where a well-attended public meeting was held with Dr. Vishampayan M. L.C. (Sholapur) in the chair.

Mr. Lalit Pleader addressed the audience and urged the use of "Swadeshi" and explained the importance of the "Swadeshi Day."

Swastik League's Activities

On Sunday, the Swastik League Ambulance volunteers accompanied by two doctors were on duty from 9 a.m. to 8-30 p.m.

Upto 5 p.m. two serious cases were removed, one to the J. J. Hospital and the other to the Congress Free Hospital. Nine persons were rescued, viz. two from Nagpada to Grant Road, five from Grant Road to 6th Kamathipura and two little girls who were stranded at Play House, Grant Road, to their home in Kamathipura 3rd lane.

In the evening 28 persons were rescued from Durgadevi Street, and brought down to Kamathipura and Girgaum. At Durgadevi Street five persons with minor injuries were treated on the spot.

One man was also removed to Imamwada.

DR. TAGORE IN PERSIA

(CONTRIBUTED).

Dr. Rabindranath Tagore has been to Persia. His itinerary and his glorious doings in the Shah's capital have been described by his faithful entourage in expensive cablegrams to Calcutta papers. What our grand minstrel has performed at Teheran it is difficult to discover. His achievements there apparently amount to the receipt by him of the Persian title of "Nishan-i-Ilm," previously also bestowed on a Parsi high Priest and simultaneously offered to another Parsi; his recitation of a poem in English before the elite among the Persians; the extempore versified translation of the same into Persian by a gifted poet of Iran called Aurang. The rest is all sonorous words and melodious sounds. But there is something more mundane and less magnificent than the scintillation of sparkling phrases and mutual compliments most lavishly extended between certain Parsis and the Bengali Poet—to the expected smothered tittering of the astute Persians. For a Persian publicist, called H. Partow, has been putting certain questions in the Persian daily "Shafaq-Sorkh" of May 5 to the distinguished Bengali Doctor which are of paramount interest to us in India. After the usual compliments and expressions of warm greetings, Mr. Partow asks of Dr. Tagore whether in his opinion the political independence of a nation is not worth consideration, support and endeavour on the part of its great poets, writers and philosophers. And if that is granted, Mr. Partow would like to know whether this emancipation can be achieved in case of India by a faithful following of the teachings and principles enunciated by the Doctor.

"Can we love and serve humanity and the world at large without in the first place showing affection to one's own people and performing one's own duties towards one's homes and homeland?" Finally Mr. Partow adds that an answer to the above query in any of the speeches which the great Doctor was expected to deliver in Teheran would be highly appreciated by the whole of the educated young Persia.

And, I don't think Poet Rabindranath has essayed to satisfy the perhaps to him impertinent queries of this representative of the new spirit of young Iran.

The key, they say, to the virtual independence of India is Swadeshi. Is there any chance of the Sage of Shantiniketan robing himself in sober Khaddar?

NAGPUR MAINTAINS ITS SANITY

Rumours Of Communal Trouble Discredited

(From Our Correspondent.

NAGPUR, May 30.

Rumours were rife here that Nagpur would be plunged into communal riots.

Handbills denouncing communal strife, and urging upon Muslims not to listen to stories circulated by interested parties were circulated amongst Muslims through Musjids, and Muslims were asked to maintain peace.

Consequently Nagpur has a peaceful time, thanks to the sanity of members of both Hindu and Muslim communities.

CHANCELLOR HITLER?

NAZI LEADER SEES THE PRESIDENT

Bruening' Exit Creates Crisis

BERLIN, May 30.

The situation resulting from Dr. Bruening's resignation is one of utmost gravity for Germany and is bound to have serious repercussions for Europe.

It means that, on the eve of the Lausanne Conference on June 16, Germany is drifting without a helmsman.

It is generally expected that the new Government will be distinctly Nationalist with the Nazis having a decisive influence. Herr Hitler may be the Chancellor, but President Hindenburg itends to proceed on strictly constitutional lines and will receive all the party leaders, beginning from the Socialists as representing the largest party in the Reichstag.

NO CIVIL WAR.

The crisis is expected to last some days. It is impossible to forecast events, except to say that there will be no revolution or civil war in Germany and that the crisis will be settled amicably among the parties. If the Lausanne Conference ends in failure no doubt the Nazis will sweep the country at the general election which will follow the dissolution of the Reichstag.

After receiving the Socialist leaders President Hindenburg, this afternoon, discussed the situation with Herr Hitler.

LAUSANNE AGENDA

LONDON, May 30.

No detailed agenda has been drawn up for the Lausanne Conference, declared Mr. Eden, (Under-Secretary of State for Foreign Affairs) replying to a question in the House of Commons. He said that invitations had been sent on behalf of the six inviting powers to others concerned with German reparations and also to the British Dominion and India.

When the conference deals with other questions invitations will no doubt be sent to any Government concerned.

It is understood that Mr. MacDonald intends to return to London from Lossiemouth a week earlier than he originally intended. He is keenly interested in everything touching Lausanne. This would give him a few extra days to look over the tremendous range of the problems arising from the Lausanne Conference.

He has been kept fully informed at Lossiemouth of all developments and would utilise the extra time obtained by change of programme for personal contact with his Cabinet colleagues.

U. S. WILL NOT TAKE PART

WASHINGTON, May 30.

State Department circles confirm the report that the United States does not intend to attend the Lausanne Conference. It is reiterated that the United States is not concerned with reparations and expects its debtors to pay up regardless of German action. but it is again hinted that when the European Princes agree on a reparations settlement, the United States will be ready to consider proposals regarding debts.—Reuter.

HOW CAN COTTON BE COMFORTABLE RESTING ON TOP OF FINANCIAL VOLCANO?

Lausanne And Ottawa To Invent Safety Valve

LARGE ARRIVALS OF AMERICAN COTTON IN BOMBAY

BOMBAY, May 28.

Messrs. Langley & Co. have issued the following weekly report discussing the present financial and economic situation:

"To revisit Vienna, the capital of Austria, is another sad experience for those who knew the city in the days of the Austro-Hungarian monarchy. Everywhere you get the feeling of departed glory; everywhere there is depression and financial stagnation. It is a city of nearly two million people, which once used to be the great disturbing centre of Eastern Europe. To-day it is the capital of a little territory with only six million people and surrounded by hostile tariff walls. Foreign trade has practically ceased. .....

FLAGRANT FOLLIES.

So said Sir Evelyn Wrench in a British broadcast on "a Run round Central Europe", and that is only one of the problems for Lausanne whose task, in the main, should be to undo the work of those venerable old gentlemen who, in making the Treaty of Versailles, perpetrated one of the most flagrant follies in the whole history of nations. But, even so, there are vast complications, one of which, to our mind is the possibility of negotiations leading to a welcome scaling down of war debts and reparations (cancellation is too much to hope for) but leaving Britain with her vast internal debt of 7,000 million pounds while Germany, having already wiped out internal indebtedness by her post-war repudiation of currency, is further helped by relief on external payments. The shoulders of Britain are broad and, even at this stage, she is the only nation which has squarely faced the issue but her capacity cannot for ever be strained by the unwillingness of other nations to pay their dues. Czechoslovakia, for instance, at the time Sir Evelyn Wrench visited it, less than two months ago, impressed him by its (presumably superficial) atmosphere of prosperity. "Just as Berlin depresses you," he said "owing to its present plight, so is Prague cheerful. The streets are full; the shops and hotels are full and there is an atmosphere of bustle. You see no empty shops or houses, there is building everywhere. Critics of Czechoslovakia say that most of this prosperity has been achieved on borrowed money. Be that as it may, Czechoslovakia certainly gives you the impression of being one of the most prosperous countries in Europe at the present time." Yet a principal feature in financial markets this week has been the slump in Czechoslovakian bonds following the anticipation of Austria declaring a moratorium on her external debts. What a tangle for Lausanne! Borrowing without thought of repayment has been a principal cause of the trouble and yet a solution lies in the direction of America being compelled to give gold without security and for nothing—to give it, in fact, that the rest of the world can buy what America has to sell. A pretty paradox, no doubt, if international trade had not already slowed down to a point perilously near complete cessation with domestic trade rapidly following suit.

FINANCIAL VOLCANO.

And cotton? How can cotton or anything else be comfortable while resting on the top of a financial volcano which might, at any moment, disrupt? Comfort is out of the question but if Lausanne and Ottawa can invent a safety valve which will relieve pressure and, by so doing, help towards the restoration of confidence, then there is hope and, once the world's mental outlook is changed, reconstruction might be comparatively easy. We agree that past experience of conferences does not increase one's faith in Lausanne but the international position is so serious that it forces co-operative action. The alternatives literally are co-operation or damnation and, as we have said before, there is something to be said for the former and little for the latter.

CURTAILMENT IN PRODUCTION

Meanwhile the New York market is becoming increasingly conscious of the inevitability of further curtailment in domestic consumption. Additionally the decline in securities continues, even the Chase National Bank, being quoted Dol. 22 3/4 yesterday against 30 3/8 on the 10th May, a shrinkage of 25 per cent in a fortnight. Furthermore the new crop is progressing, on the whole, favourably but cotton is not being pressed for sale and the basis is firm. Given a less discouraging financial outlook, the cotton position in America would be sound. As it is and with depression at its deepest point for a hundred years the possibility of further decline is just a little too obvious furthermore, in our opinion it is unwise to disregard the growing conviction in political circles, apart from the propaganda of economists, that there can be no stability, political, economic or financial until there is a general rise in commodity prices.

ARRIVALS OF AMERICAN COTTON.

In India it would seem that the economic problem is a matter of such minor import that it can, without misgiving, be submerged in political and communal strife. A philosophy built up on the principle of letting to-morrow take care of itself may be comforting but, in a somewhat varied experience of life, we have seldom witnessed the reaping of a harvest which was not sown. Broadly, there is a grim justice which sees to it that as ye sow so shall ye reap and a little more forethought in the selection of seed would do this dis.ressful city no harm. However, the market has been open three days, totalling twelve hours trading during the week. Stocks have increased by 12,161 bales against a decrease for the corresponding week last year of 20,255 bales. The All-India deficit in receipts is now 15,37,873 bales and the export deficit 16,12,561 bales. Furthermore the receipts in Ujjain for instance are 50,400 to date against 110,000 last year but, of the 50,400 bales so far received 21,200 remain unsold. In Adoni 11,000 out of arrivals of 21,920 are unsold and in Bellary over 9,000 bales are unsold. Furthermore arrivals into Bombay during the week included 21,901 bales of Americans with more to be included in next week's figures.

There is a demand from the Far East for low Berars, Khandesh, Mutt'a and Bengals which, in these days, is looked upon as something slightly more than moderate but it is insufficient to hold prices on their present parity in face of stocks accumulating both here and upcountry.

FINANCIAL NOTES

CRISIS IN GERMANY

Will Lausanne Approve Universal Cancellation?

(By Our Financial Commissioner.)

On the eve of the Lausanne Conference we hear that Germany has plunged into a grave situation and the Bruening Government has resigned. The immediate cause of the crisis is that President Hindenburg is opposed to to the schems to expropriate a part of big landowners' estates. The chief trouble of Germany is extensive unemployment. Six million people are unemployed with an equal number of dependents. This means about a fifth of her population is without proper means of support.

FRENCH PREMIER'S PROPOSAL.

Even in spite of such a grave situation, the prospective Premier of France fears about Germany. He believes that the best solution of War debts and reparations problems would be universal cancellation. He further suggests that in order to prevent Germany so relieved from becoming a dangerous competitor, a sort of international compensation fund should be created. The utterance leads one to think that France still believes that, if Germany gets a free hand to capture the world's trade, it will do so in no time.

TRADE OUTLOOK.

The future of trade entirely depends upon the buying capacity of the world. At present countries having their currencies on Gold basis, as well as those who have thrown off the Gold standard, are suffering heavily. The trade outlook largely depends upon the amount of gold which France and the United States of America release to other countries. The hoarded gold does no good either to America and France, but it does great harm to these countries who are forced to throw off the Gold Standard. As long as France is holding gold, she has nothing to fear.

FALL IN DOLLAR.

A private cable received here states that forward dollars are selling at a heavy discount owing to continued outflow of American Funds. The dollar which is based to-day on gold, has appreciated considerably and, if there is a little loss from the extent of the appreciation it cannot be called selling at a discount. There may be less demand for dollars for future requirements and when sales are pressed, naturally forward quotation declines compared with the ready telegraphic transfer.

COTTON DECLINE.

Prices of American Cotton are steadily falling owing to large supplies and reduced offtake influenced by unfavourable political outlook in Central Europe and there is a section of opinion which fears that the Lausanne Conference will be a fiasco. In spite of such discouraging news from Europe, Japanese exporters are buying raw cotton freely in Bombay. In the last fortnight they have bought about 50,000 bales and at present level of prices they are expected to buy further.

WAITING FOR WEAK BULLS

In the local forward cotton market there is an extensive unprotected short interest influenced by steady accumulations of stocks of cotton in Bombay. It is reported that professional operators are short to the extent of about a lac of bales and they are eagerly awaiting unloading by weak Bulls. If Japan continues its present buying policy, the Bulls will find a great support and ultimately Bears will be forced to cover their floating short interest, fearing scarcity of contracts or, penalty for failure to tender cotton against speculative sales. It is true that Bears do not possess a bale of tenderable cotton. With prospects of easy money, the holding capacity of buyers will increase. Let us wait and see which way the wind blows.

NO DIFFICULTY FOR SCHUSTER

"Unsettled political conditions in India during the last two years have caused irreparable loss to trade and with the dwindling provincial revenues, together with heavy deficits in Railway earnings, customs and Income-tax the balancing of the Indian budget will prove a difficult task", state Messrs. Thos. Smith & Co. There is nothing difficult for the Finance Member to the Government of India. He will come out with a fresh proposal of taxes under the plea of circumstances beyond control. He will get through the probable difficulty by proposing fresh taxation. The proposal will be placed before the Legislature for its approval, failing which it will be certified by the Viceroy.

U. S. A. AND LAUSANNE.

Government circles in the United States of America are not anxious about the Lausanne Conference. America has no interest in reparations and if European countries sett le this question amicably it will meet with a favourable consideration. Americans have direct interest in War debts but with the present domestic difficulties of balancing their budget, they have no time to go into the question of War debts. As usual they will wait and watch the European situation.

TEHSIL CONFERENCE PRESIDENT ARRESTED

Congress Worker Dies In Jail

'DELHI CONGRESS DAY' OBSERVED

(From A Correspondent.)

AGRA, May 27.

News of the death of Mr. Beni Madho of Allahabad, a Congress worker confined in the District Jail, Agra spread in the city on the 25th May. The death took place on the evening of 24th May. The dead body was handed over to the volunteers of the local Seva Samiti, who very kindly allowed the body to be taken in procession to the cremation ghat. At Phulatti over 2,000 people joined the procession and at Johri Bazar it swelled to 10,000 persons including ladies all bare headed. People threw flowers and garlands along the whole route and it took not less than five hours to reach the cremation ground.

"DELHI CONGRESS DAY"

"Delhi Congress" Day was observed at Agra on 24th May by holding meetings. The wife of Pt. Jagan Prasad Rawat B. A., LL. B. along with seven others were arrested at Rawatpara while repeating the Delhi Congress resolutions. She was taken to the Kotwali followed by a large crowd.

ETMADPUR TAHSIL CONFERENCE.

The Etmadpur Tahsil Conference was held at Anwalkhera about 2 miles from Balabas where the S. D. O. had come with his forces and ordered that no Congress could be held. It was attended by about 100 delegates and 100 visitors.

No arrest was made in the Conference but a band of workers headed by the president of the Conference lead a procession and were arrested at the police station.

FORGED NOTES

Comma Flaw Leads To Discovery

A man arrested at Marseilles was found in possession of 3,600 forged Bank of England £5 notes. He had an American passport in the name of Giacomo Rossano, a merchant of Naples, who arrived from New York two months ago.

The notes are said to be excellent imitations. The substitution of a comma for a full-stop revealed the forgery.

For some time the police have been receiving complaints from people who had changed forged £5 notes. Rossano, who presented a £5 note at the American Express office, was asked to wait.

At the police station ten counterfeit notes were found on him, and later at his hotel spurious £5 notes to the face value of £13,000 were discovered.

Government House News

The Governor of Bombay and Lady Sykes arrived at Government House, Ganeshkhind, on Sunday.

Misapprehension Of Cape Town Agreement Terms

BOMBAY, Monday.

The Secretary of the Imperial Indian Citizenship Association writes:—

The Imperial Indian Citizenship Association has received several letters from Indians from Straits Settlement, Federated Malaya State, Borneo and Johore State offering to go to Brazil under a misapprehension of one of the terms of the recent Cape Town Agreement. That Agreement provides only for the exploration of the possibilities of Indian emigration to Brazil and other countries from India and South Africa. Further the present position is that the Brazilian Government has stopped immigration for one year. The Association has not undertaken to subside Indian emigrants to Brazil either from India or elsewhere.

WONDERFUL AIR ESCAPES

Parachute Jump Into Sea

UNREHEARSED THRILLS OF FLIGHT TO TOKIO

SEATTLE, May 31.

Wonderful escapes from death were made by an American airman, Nat Browne, and his assistant, who took off this evening on a flight to Tokio.

Shortly after the start the plane crashed in flames into the sea, but Browne and his companion made a parachute descent from the blazing plane and were picked up from the water.

Browne previously made two unsuccessful attempts to start. The first time he had to jettison a quantity of petrol before he took off and then had to return owing to a broken oil line, while the second time the machine refused to rise. When finally he took off he was followed by a refuelling plane.—Reuter...

COAL HOURS AND WAGES

Peace Bill In Commons

LONDON, May 30.

In moving the second reading of the Coal Mines Bill in the House of Commons, the President of the Board of Trade, Mr. Walter Runciman, said that in the present trade conditions a drop from the present seven-and-half hours' day to a seven hours day, which would become effective in June unless legislation were passed, was impracticable, and ought not to be contemplated. Immediately the Geneva convention was ratified, however, by the seven countries concerned the seven-and-half hours' day provided in the present bill would at once revert to seven-and-a-quarter at the period provided in the convention.

In regard to wages the owners had given a guarantee which would secure for the miners throughout the next twelve months the maintenance of their wages at the present level. Government had decided to introduce a bill which provided that the essential elements in the maintenance of prices and, therefore, of wages should be continued for a period of five years and they should regard this as the means by which the coal-owners would be able to maintain wages at their present level.—B. O. W.

IRISH LAND ANNUITIES

LONDON, May 30.

The Dominions Secretary, Mr. J. H. Thomas, said in reply to a question in the House of Commons that he did not think it desirable to make any statement as to the policy His Majesty's Government in the United Kingdom would adopt in the event of non-payment of the Irish land annuities unless and until such a situation had actually arisen.—B. O. W.

BRITISH MARKETS

Copper Touches A New Record

LONDON, May 30.

British Government securities regained strength. Australian minings are steadily improving; otherwise the Stock Exchange is adversely affected by weakness abroad, following the resignation of the German Cabinet.

Most of the commodity markets are similarly affected and influenced by the holiday in America. Copper, despite a large turnover, has touched a new low record.—Reuter.

DUSTBINS IN CONGRESS COLOURS

MAGISTRATE WANTS TO KNOW WHY *AHMEDABAD QUERY*

AHMEDABAD, May 30.

The District Magistrate has asked for a copy of the resolution under which Mahatma Gandhi hoisted the Congress flag on the building of the Ahmedabad Municipality on July 7, 1929.

He has also asked for an explanation from the Ahmedabad Municipality for affixing the Congress symbol on the stationery used in the municipal offices and for placing on Gandhi Road dust bins bearing the same three colours as the Congress flag.

Three volunteers were arrested to-night on Gandhi Road. Two of them are alleged to have had a board bearing the words "Gujerat Provincial Congress Office" and the third, to have had with him delegates' forms for the "conference". Earlier in the day four volunteers were arrested on the charge of picketing foreign cloth shops. They were all subsequently released.

SWADESHI DAY

HYDERABAD, (Sind) May 30.

The thirty-first local "Dictator" was arrested while performing the flag salutation ceremony.

Swadeshi Day opened with a speech by Mr. T. L. Vaswani. In the evening there was a public meeting and procession.

CONGRESS FAILURE

SIR SAMUEL HOARE'S REVIEW

LONDON, May 31.

The situation in India during the past week was reviewed by the Secretary of State for India, Sir Samuel Hoare, in answer to a question in the House of Commons. As regards the civil disobedience movement there had been little change, he said. Attempts had been made in one or two provinces to rouse interest and create trouble by holding provincial conferences to confirm the resolutions to pass which an attempt was made at the recent Delhi session of the Congress.

During the week there was a renewal of communal rioting in Bombay city." "Latest information is to the effect that the position is still unsatisfactory. The affected areas are being patrolled by the military. The return of troops brought into the city has been suspended and the number of motor patrols has been increased."

BENARES' COMPLAINT.

Sir Samuel Hoare said that the enquiry into the complaints against certain police officers at Benares, who were accused of maltreating a number of young girls, had been completed by the district magistrate and the men charged had been honourably acquitted. It appeared that eight women, who were arrested for causing a disturbance, were released after one hour's detention when the investigations had shown that they were not the persons of any importance. Evidence at the enquiry indicated that throughout the proceedings the women had been merely tools in the hands of the assistant editor of a newspaper in which the allegations were first published. The district magistrate concluded that the whole case against the police was false, that the story of the women being stripped was false, that the alleged beating had not taken place, and that there was little doubt that the whole business was concocted for political purposes either in revenge or to deter the police from dealing with women volunteers.—B. O. W.

RIOTING AND ARMY

Answering a question in the House of commons, Sir Samuel Hoare (Secretary for India) said that he did not think that the present communal disturbances should affect the policy under which Muslims and Hindus would serve together in the newly Indianised units.—Reuter.

BURMA ELECTION

LONDON, May 30.

In the House of Commons today Sir Samuel Hoare (Secretary for India), assured Mr. Thomas Williams that notwithstanding the troubulous times, in which the Burmese electoral rolls were prepared, the Government of Burma and himself were satisfied that it was unnecessary to provide wider facilities for amendments than those announced.—Reuter.

Cuttack.—Some members of Vaner Senas were arrested on Friday afternoon for picketing at Excise shops. They were removed to the Sadar Thana, and released early on Saturday morning.

Calcutta.—Apprentice in the tramway workshop was sentenced by Mr. A. C. Chatterjee, Special Magistrate, Alipore to two years' rigorous imprisonment for manufacturing part of a pistol similar to Gotts automatic. While preparing the part in electric machine the accused was suspected by the foreman.—A. P.

In response to the appeal issued by Pandit Madan Mohan Maviya the Belgaum Citizens celebrated yesterday as All-India Swadeshi Day by holding a procession and meeting in which people took vow of Swadeshi and a Belgaum District Swadeshi League was formed.—A. P.

DENTAL TROUBLE IN DOCK

Basak's Protest To Meerut Judge

MEERUT (By Mail).

After two days' deadlock owing to the accused Gopal Basak withdrawing his representation, the hearing of the Meerut Conspiracy Case has been resumed. Basak is alleged to be suffering from dyspepsia which necessitated the extraction of some of his teeth. The gums are now said to be throwing out bones and one of them is alleged to be in need of immediate attention.

Basak's request was that he should either be treated by a qualified dental surgeon or released on temporary bail to enable him to make his own arrangements. Basak thought that his request was not receiving favourable consideration at the hands of the authorities and as a sequel the court had to adjourn the proceedings.—A. P.

DACOIT IN A DITCH

Five Years' Jail For Student

DACCA, May 30.

Mr. S. N. Chatterjee, Special Magistrate, delivered judgment to-day in the Telirbagh political dacoity case, sentencing the accused Parimal Ghose, a student of the Jagannath College, to five years' rigorous imprisonment under Section 395 I.P.C.

The prosecution alleged that on the night of December 18 a gang of dacoits armed with daggers, swords, hammers and torches invaded a house in Telirbagh and broke open the doors, and decamped with cash and ornaments. When chased the accused fell while crossing a ditch. He was arrested and searched, and a bomb was found on his person.—A. P.

GOLF SENSATIONS

Franco-American Attack Repulsed

LONDON, May 30.

Remarkable golf was seen today at Saunton, where the strongest attack ever launched by the United States and France was repulsed with many casualties in the first round proper of the British Women's Open Golf Championship. Of the seven Americans in a field of 64, four, including the American champion, the hard-hitting Helen Hicks, were beaten. Five French women, including Madame Lacoste, wife of the lawn tennis star and winner of the title in 1927, were also beaten.

One of the sensations was the defeat of Miss Diana Fishwick the champion of 1930. The following were notable results:

Mrs. Watson beat Mrs. Higbie (U.S.) 6 and 4.

Mrs. Todd beat Mrs. Hill (U.S.) 2 and 1.

Miss Virginia Van Wie (U.S.) beat Miss Mcculloch 8 and 6.

Miss Tolhurst (Australia) beat Miss Diana Fishwick at the 19th hole.

Miss Park beat Miss Helen Hicks 3 and 2.

"CHRONICLE" DEPOSITS SECURITY

BOMBAY, Tuesday.

Mr. C. N. Kanuga, Advocate appeared this afternoon before Mr. H. P. Dastur, Chief Presidency Magistrate, Bombay and tendered on behalf of the printer and publisher of the "Bombay Chronicle" Government Securities of the face value of Rs. 6,000 as the security amount demanded from the printer and publisher.

The Magistrate observed that the order served on the Printer and Publisher of the "Bombay Chronicle" demanded a cash security of Rs. 6,000 or its equivalent in Government securities, and added that Government securities of the face value of Rs. 6,000 would not fetch Rs. 6,000 in the market. Equivalent, he said did not mean face value. He (printer and publisher) had therefore to tender securities of the market value of Rs. 6,000 which would be Government securities of the face value of about Rs. 9,600.

Mr. Kanuga then tendered the necessary Government securities on behalf of the printer and publisher of the "Bombay Chronicle."

"CHRONICLE" SECURITY

Hoare Savs He Will Inquire

LONDON, May 30.

In the House of Commons, Mr. Morgan Jones urged Sir Samuel Hoare (Secretary of State for India) to inquire why the Bombay Government had demanded a double security from the "Bombay Chronicle" in consequence of an article criticising the authorities.

Sir Samuel Hoare said he had no information, but he considered that any malicious attempt to belittle the Government's authority at a critical moment was tantamount to incitement to disorder. He promised to inquire regarding the nature of the articles.

SECURITY DEMANDED FROM CALCUTTA PAPER.

CALCUTTA, May 30.

Jagdish Chandra Mukherjee, keeper of the Ananda Press and Mr. Satyendra Nath Majumdar, publisher of the "Anandbazar Patrika," a Bengali daily have been served with notice by the local Government to deposit with the Chief Presidency Magistrate by the 8th June Rs. 1,000 each for the publication of certain alleged objectionable passages on April 17 in an article entitled "England and India."—A.P.

70,000 SEE CARNERA BEATEN BY GAINS

PERFECT BOXING BY THE VICTOR

LONDON, May 30.

At the White City to-night Larry Gains, the Canadian Empire Champion, won the possible title fight by beating Carnera on points in a boxing match over ten rounds.

RIGHTS TO THE JAW.

Carnera, curiously enough, did not make a fight of it and seemed content to box, which suited Gains, who has much experience of boxing. There was great excitement in the sixth round when Gains leapt in and crashed in two perfect rights to the jaw, Carnera being most surprised. Gains gave an almost perfect exhibition of boxing and delighted the crowd by making Carnera miss while landing himself.

The attendance numbered 70,000.

In a preliminary match Don McCorkindale (South Africa) beat the French Champion Maurice Griselle, the referee stopping the fight in the third round with the Frenchman lurching round the ring.—Reuter.

NEXT FIGHT

Jeff Dickson, the well-known promoter, had offered Jack Sharkey £10.000 to meet the winner of the above fight on July 25 at the same venue.

Sharkey replied to Dickson in rather sarcastic vein, intimating that he was confident of defeating Schemeling for the World's Heavyweight Championship and hence the offer was ridiculous.

Gains will now be matched against the winner of the Schmeling—Sharkey fight, which will be staged either in Paris or London, but not in America owing to the colour bar.

YOUR TEA AND OUR COTTON GOODS

British Offer To India Through Ottawa

LONDON, May 30.

The decree to which the tea industry has shown the identity of interests of Indians and Europeans was emphasised by Sir Laurie Hammond, ex-Governor of Assam, replying for guests at the annual Assam dinner

He said that it was perhaps due to that fact that Assam had been peaceful and happy while the other provinces were beset with troubles.

Sir Laurie Hammond pointed out that always there had been Indian members in the Government of Assam and it was to some extent due to the two Indian tea planters who were at present members of the Government that Assam, with the support of the Government of Bengal, very strongly supported preference for Indian tea, which had happily been introduced.

Sir Walter Smiles, M.P., presiding, also welcomed the preference for Empire tea and suggested that it was time for India to consider preference for British goods, and referring to Ottawa, reminded Sir Atul Chatterjee, who was present, that Assam wanted similar preference from Australia and South Africa.—Reuter.

JACKSON ON HIS OWN WICKET

LONDON, May 30.

The only thing which would kill terrorism in India would be the organisation of public opinion against it, said Sir Stanley Jackson in an address at a private meeting of the Conservative India Committee in the House of Commons this evening. But, he added, there had been no sign in Bengal hitherto that those who would be charged with responsibility as leaders of an autonomous Government, were prepared to organise public opinion. Terrorism could not be put in a compartment by itself and provincial autonomy introduced regardless of the existence of terrorism. If the new constitution could be of the federal type everybody would welcome it. He hoped that no attempt would be made to force a full-pledged western democratic system on India, because it was unsuitable and India was not ready for it and did not particularly want it.

In order to keep India an integral part of the Empire a very considerable advance in responsibility must be transferred to India in the best interests of India and the British in India, but the responsibility must be undertaken gradually.—Reuter.

"The flowers anew returning seasons bring
But Beauty faded has no second spring"
Ambrose Philips.

WHY LET YOUR BEAUTY FADE?
Even when the first fresh bloom of youth has passed a nightly massage with Oatine Cream will bring back freshness and vitality to the complexion, smooth out the growing wrinkles, cleanse the pores and restore to the skin its lost lustre and elasticity.
OATINE CREAM is the natural food of the skin, its use tones up the tired tissues and promotes healthy circulation. Its application every night repairs the ravages of time and exertion. It acts while you sleep.
OATINE SNOW the daylight vanishing cream may be used instead of powder. It withstands the effects of rain, sun, wind or dust and keeps the skin fresh, smooth and healthy under all circumstances and conditions.
